Message from the Headteacher

"From the first day of term to the last, the small moments in a school day make a real difference to your child. #AttendanceCounts"

Welcome back to Summer Term! Check out the new dates below and put them in your diary now.

Last term's **Parent Forum** was on the subject of Praise and Recognition. Many ideas that you gave are informing the revamp of our behaviour policy for next year, but I wanted to make one improvement as soon as possible. Lots of parents and carers want to be part of the celebration when their child wins the Headteacher's Award but we must be sensitive to those children whose parents and carers cannot attend. A compromise has been found! From now on, children will bring home their

certificate to let you know they are the winner, and their name will be published in the newsletter, as now. The following week, to give you time to make arrangements, the children will come to their tea and **parents and carers can join us** in the library at 3pm to take photos, hear just how special their child is, and leave a little early!

The parent forum is a great way to have your say to make Templars better - any parent or carer can come along to the next one on Thursday 9th May where we will have an open agenda to talk through any ideas you have. We offer 3 times to try to encourage and allow as many people as possible to get involved: 9am, 2pm and 8pm. Your ideas really are listened to.

Thanks for all the donations so far for OPAL - our children are very lucky! We now need:

Dinosaurs

Diggers

Wellingtons

Action figures

STILL SPACES: Do you struggle with your child's behaviour? Does parenting feel like harder work than it should be? Do you struggle to connect with your child? The Family Learning team from Coventry City Council are running a **free course at Templars** called Positive Family Foundations for you. Positive Family Foundations is a nurture-based parenting programme based on understanding how children and their carers interact, and what children need to help them thrive. Pop to the office, pick up a form and start after Easter. If you can't make it in person, take a look below for an online option.

In Partnership with Coventry SENDIASS
Coventry Education Psychology Team will be
running a FREE session for parents/carers on

Emotion Coaching

Emotion Coaching is an approach that parents/carers can use with children and young people to support their emotional development.
 Research suggests that Emotion Coached children and young people:

- Are more emotionally stable
- Are more resilient
- Achieve more academically in school
- Have fewer behavioural problems

This session will introduce the steps of Emotion Coaching and it's scientific basis and will involve practical activities and resource sharing so that parents can begin to use this increasingly popular approach straight after the session.

Our Templars Coventry Young Ambassadors visited St Marys Guildhall for the second time on the 14th of March to start planning and discussing what they will be delivering for the Guildhall Takeover Event. Over the next term, the children are going to busy advertising the event and creating exciting workshops to run on the day. We can't wait for you to join us on the 11th of May for this fantastic event. Stay tuned for more information.

Looking for something to do at the weekend as family? Love Science and Maths? See below...

Magnificent Maths and Phenomenal Physics Open Day

Coventry University's Fluid and Complex Systems Research Centre is throwing open its doors to the public once again on **Saturday 27th April**, promising a day filled with mind-blowing experiments, captivating science shows, and enlightening talks that will leave you in awe.

What to Expect:
 "Little Earth" Exploration: Dive into our "little earth" experiment, where you'll witness the magic of miniature worlds and gain insights into how they unlock the secrets of larger ecosystems.
 Storm Prediction Unveiled: Ever wondered how storms and weather patterns are predicted? Explore the fascinating world of meteorology with our experts and uncover the science behind accurate weather forecasting.
 Quantum Computing Revolution: Take a peek into the future as we unravel the revolution of quantum computing. Discover how this cutting-edge technology is reshaping the landscape of scientific exploration.
 Mathematics of Social Interactions: Peer into the complex equations that govern our social interactions. Our mathematicians will guide you through the intriguing world where numbers and human behaviour intersect.

Who's Invited:
 Absolutely everyone with a passion for science! Whether you're a seasoned enthusiast or just curious, our doors are wide open. Come, meet our brilliant scientists, and embark on a journey to explore the world through their visionary eyes for one day only. This event is recommended for children aged 8+. Please note some demonstrations take place in our labs, which are only accessible to children aged 12+.

Don't miss this opportunity to be a part of something extraordinary. Save the date, and get ready to be amazed! The link to register your free place can be found here: [Magnificent Maths and Phenomenal Physics: Open Day | Coventry University](#)

British Federation of Mathematical Games:
Logic and Mathematical Games Final

The British Federation of Mathematical Games: Logic and Mathematical Games Final 2024 will take place at Coventry University, Frank Whittle Building, on Saturday 25th May 2024, 1pm to 4pm.

The Mathematical and Logical Games is a general public, university, and school competition organised every year in Europe and beyond. Participants around the world, who score high enough in their category, will qualify for the 38th international final in Paris.

To participate, please email info@bfmg.maths.Coventry.domains with your name, surname, town, date of birth, and category. For more information, please visit the website;

Your support for your child's education is crucial to their progress. Please tell us if there are any adjustments we need to make to help you support your child, for example: letters in large font; letters in different languages; wheelchair access; explaining things over the phone; a discussion with a school colleague of the same gender.
