

## SMARTIE THE PENGUIN!

Make sure to visit [Templars Website](#).  
Go to Pupils then click on Safer Internet Day 2021  
Watch the video about Smartie the Penguin  
Colour the pictures

The three main themes the story deals with are:

- Pop ups and in app purchasing
- Inappropriate websites for older children
- Cyberbullying

What do you think Smartie is saying?

Could you make your own Penguin mask?

## Penguin Mask Craft

Here's a quick and easy paper plate penguin mask craft for little kids, fun for winter. Or dress your penguin up for Christmas with a red bow tie or ribbon!

### You will need:

- Two paper plates
- Yellow card or paper
- Glue
- Scissors
- Elastic

### Instructions:

Paint the back of one of the paper plates and leave to dry.

Meanwhile, draw a smaller circle inside the second paper plate and cut it away, then cut a rounded notch in one side of the plate, like the top of a heart, using our photo as a guide.

Glue the two paper plates together and stick on a triangle cut out of yellow paper or card for the nose.

Carefully use the point of the scissors to punch through two holes for eyes and trim them out into oval shapes.

If you want to wear your mask, use the point of the scissors or a skewer to make a small hole on either side of the black plate, and thread elastic through to fit your head.
