

Being a super  
protector!

At the moment there is a virus called the coronavirus spreading across the country. Most people will feel a little bit poorly if they catch this virus but for other people it can make them very sick. Some people may get so sick that they have to go to hospital and be treated by a doctor.

Your mummy is one of those people that may get very sick if she catches the virus. Everybody needs to look after your mummy so that she stays safe and well.

You can do this by staying away from other people so that you don't catch the virus and bring it home.

This means that you can't go to school right now because there are lots of people in school.

It is ok to feel sad about not being able to go back to school. It is ok to miss your friends and your teachers.

You will still get schoolwork to complete and your teachers and friends might see you on the computer and talk to you on the phone.

This will be fun!

The government will tell the teachers when it is safe for you to come back to school.

In the meantime, carry on being a super protector!

Your teachers , friends and family are very proud of you.

Well done!
