

# Templars Primary School Newsletter

Dear Parents and Carers,

Thank you for your overwhelming support, friendship and good wishes this week during our Ofsted Inspection. It really felt as if we were all one huge team pulling together to show Templars at it's best! The outcome letter should be published in the next few weeks and we will share this with you when it arrives.

Not only did we have our inspection for two days this week but our Year 2 children visited Kenilworth Castle as part of their Dungeons and Dragons topic. Although it poured with rain the children enjoyed visiting the Great Hall with its magnificent fireplaces and seeing the kitchens where all the food was prepared. In addition year 6 took part in an Indoor Athletics competition and were complemented on their sportsmanship and great behaviour. Continuing the sporting theme one of the Year 5 classes has also started their 'Fitness Fortnight' with a swimming lesson and a brisk walk each day for two weeks!

In Key Stage 2 on Thursday we celebrated Francophonie Day in school. Thank you to Mme Parrott who has organised this. We found out about all the different countries in the world where French is spoken which helped the children understand why it is so useful to learn French. I certainly didn't realise that French is the official language in 29 countries and is now spoken by 300 million people across the world! In the afternoon the children enjoyed the sunshine outside while hunting for the flags of French speaking nations that had been placed around the playground

Thanks

Mrs Biddell

Today 4M learned about vertebrates and invertebrates. They loved researching and discovered so many animals they had never seen or heard of! They do now however, want an axolotl (last photo) as a class pet... I said to ask Mrs Biddell or @MrsBenarous 🐸
