

# Templars Primary School Newsletter

Dear Parents and Carers,

We have had another exciting week here at Templars. Our twitter feed (on our website) is full of the things we get up to each day so please take a moment to have a look (@TemplarsPrimary).

## Anti-bullying Ambassadors

This week our 36 Anti-Bullying Ambassadors in Year 3 to 6 have taken part in a series of workshops run by Flatpack Festival to create their own short film with an anti-bullying message and screen it at their own cinema. Workshops throughout the week have included pupils acting, filming, rehearsing, and trying their hand at a range of rolls with the film exhibition industry – production crew, film programmer, box office-manager, projectionist and more. The children invited their parents to join us for the premiere showing today and then the whole school community will be able to share the film and its important anti-bullying messages on the website.

## Debating Club

On Thursday I joined Debating club where the children were discussing school uniform. The members of the club enjoyed debating whether school uniform should be compulsory or not, and although they tried to argue that it wasn't fair that teachers didn't have a uniform they were really surprised to learn that teachers have a dress code too and can't wear flip-flops or crop tops to school!

## Reading Fun in Reception

We have also had our monthly 'Chat, Play, Read' sessions this week in our Reception classes where Mums, Dads and carers have been able to share a story with the class and the teacher before joining in with activities linked to the book and take a copy of the book home to keep. It is lovely to see parents having fun with paint, clay, glue and glitter in these sessions alongside their children. Thank you to all our parents who attend these events.

Mrs Biddell

I was so impressed with Emma and Kaycee today, who presented their Assembly on Chinese New Year as part of 6S's child-led assembly programme. They are the first assembly and I was so proud of their effort! @TemplarsPrimary
