

Templars Primary School Newsletter

Dear Parents and Carers,

Here we are already...well into the Spring Term. What a term it is shaping up to be! The children have all had their 'Spark' days and I am very pleased that we have already had some school trips - Year 5 went to the Thinktank in Birmingham this week and next week the children will be able to have a morning at the panto as we are being visited by a professional theatre group.

The children (as always) are wonderful and really knuckling down to the next cycle of learning. Our attendance is still being affected by the virus and I know those ripples will keep coming so in school we are keeping measures in place to help keep everyone as safe as possible. Additional cleaning, handwashing and maintaining distance being our main and most practical lines of defence.

This term we have welcomed Miss Roberts to Team Templars as a new member of staff. She is an Art specialist and will be teaching all the classes at some point during the term - releasing the teachers to have some extra time to work on their own training, subject knowledge and leadership skills.

Mrs Biddell

Message from the SEND team

There are lots of great resources on the internet to support children awaiting an assessment or if you have worries or concerns about your child's health or well-being.

This week we are sharing 2 great websites-

CAHMS website– Lots of information for parents or children awaiting an assessment or unsure about the route to get an assessment.

<https://www.youngminds.org.uk/young-person/your-guide-to-support/guide-to-camhs/?acceptcookies=>

CWMind– Lots of support available for variety of needs for both adults and young people. Information regarding support groups and how to receive further support.

4M were cracking coders this afternoon! They loved exploring repetition and loops. Many Templars tokens were earned - great resilience was shown to complete the tricky nested loop race track 🏆🚗 @TemplarsPrimary

Year 5 have departed for their mission to outer space aka ThinkTank Birmingham and are very excited 😊 @TemplarsPrimary @jolley_miss @thinktankmuseum

Mrs Gentry @Denise_Gentry1 · Jan 17

@TemplarsPrimary today in Computing we learnt how to code loops. We had fun making snails, spiders, cars and rockets move

In maths today we learnt all about capacity. We used the words full, empty and half full to describe the amounts of liquid in the containers. @TemplarsPrimary
